Delivery of FSC face-to-face training remotely during the Covid pandemic

Based on the FSC derogation FSC-DER-2020-004, ASTRAcademy has designed a procedure that will allow us to emulate as much as technically feasible the training activities normally implemented during ASTRA face-to-face training sessions.

Implementing this training procedure will help ASTRA deliver the face-to-face part of the courses that had to be cancelled in March, April and May, potentially also June 2020 and beyond.

Trainees wishing to wait until ASTRA will be able to resume face-to-face training activities are free to do so, they will be notified as soon as such training sessions can be scheduled again.

For more information, please contact ASTRAcademy at info@astracademy.net
